

BEFORE YOU PURCHASE ANY **HARD TONNEAU COVER IN SOUTH AFRICA
- YOU SHOULD ASK THESE QUESTIONS FIRST**

QUESTIONS TO ASK RE ANY HARD COVER

THIS IS WHAT A SUPREME HARD tonneau KING® Tri-fold® COVER CAN OFFER YOU

1	Does it leak water into your bin?	No , it's a full framed unit with Marine grade vinyl covering the reinforced ABS plate, with seals all around the unit. A few drops may leak sideways into the bin, when using a pressure washer or a heavy gush of wind forces rain through the seals on a rainy day.
2	Does it take up space on your bin?	No , when removing it in a few seconds, you have your entire bin available for loading etc.
3	Can it be removed in SECONDS?	Yes , due to a one frame unit with an easy clamp on or clamp off system.
4	Can it take sufficient weight?	Yes , although you never load goods on top of a tonneau cover, can it take +- 120kg's load.
5	Is it lockable?	Yes , the clamps ensures that it can't be opened from the outside, your tailgate lock ensures maximum security.
6	Is it easy & compact to store if necessary?	Yes , it folds up in three sections, thus very compact for storage.
7	Do you get a guarantee?	Yes , we offer a 5 YEAR guarantee Worldwide.
8	Is it maintenance free?	Yes , no maintenance needed whatsoever on any part of the cover, you only need to clean with soap & water ONLY.
9	Do you have access to your entire bin?	Yes , when removing it in a few seconds, you have your entire bin available for loading etc.
10	Does water & dust effect the opening & closing of your hard cover?	No , not at all, the Marine grade vinyl covers the movable parts like the nylon 6 hinges.
11	Does it work with a Roll/Styling bar?	Yes , we have our own unique designed, 1 st in the World no drill Styling bar, however if you have already a Styling bar installed, we have our own unique, 1 st in the World no-drill, Styling bar brackets to fit with your existing Roll/styling bar.
12	Can it be installed in SECONDS?	Yes , due to a one frame unit, with an easy clamp on or off system.
13	Is there any drilling or tools involved for fitment?	No , our entire range of products are designed as No -drill fitment products.
14	Is it an easy DIY fitment?	Yes , our existing Customers mention that it takes longer to remove it from the box, than installing it. No TOOLS or DRILLING required to fit.

15	Can it be transferred from one bakkie to another?	Yes, if the bin remained the same, you can re-use this product still for many years to come.
16	Is it easy to operate?	Yes, it only weighs +-19kg's, even woman and children can open and close our product, especially woman who won't break their nails operating it.
17	Can it be used as a seat?	Yes, the cover can be folded up, placed and secured on any place on your bin for hunting, birdwatching etc.
18	Are only top-quality materials used?	Yes, No plastic or cheap vinyl at all. We ONLY use Marine grade vinyl & stitching, Nylon 6 on the components, reinforced ABS plating and 6063 industrial grade aluminium for the frame. 5-year guarantee.
19	If any parts break or get lost, do you have to replace the unit due to no parts available?	No, definitely not. If a part should break or even get lost, we have all parts available. – 5-year guarantee.
20	Will the stitching come loose due to our harsh sun or wear & tear?	No, we only use Marine grade stitching which can withstand our harsh sun or wear & tear. – 5-year guarantee.
